

**Hunterdon Central Regional High School**  
**Class of 2028**  
**General Scheduling FAQ's for the 2024-2025 School Year**

***"I cannot remember my password".***

Students currently attending a grade 8 sending district school, please check the scheduling mailing or ask your parent/guardian to submit a ticket to [HCRHS Parent Help Desk](#). Please identify that your child is a pre-registered student and the sending district school your child is currently attending. Students from sending districts can also retrieve password information directly from their current counselor.

***"I want to take Marching Band or an HCRHS Summer Institute course but I am already scheduled for 40 credits".***

Marching Band is worth 2.5 credits but, since it is offered after the regular school day, it is not calculated as a credit when entering requests. Students participating in Marching Band should select this request with the understanding that they will receive 2.5 credits upon completion of the course.

The same is true for Summer Institute courses. Since they are not part of the regular school day, students can exceed the 40 credit max when selecting a course of interest. Since the decision to run summer courses is dependent upon enrollment, Summer Institute course(s) should also be selected in the student pick list for the school year schedule. If a student successfully completes a summer course, the summer counseling staff will contact the student to make the appropriate adjustment to the school year schedule.

***"My alternates do not show in the Primary Request Screen".***

Please verify that a "Primary" course was requested. Alternates cannot be selected unless a primary course is entered on the same line in the Primary Request grid.

***"I am not sure how to enter requests"***

View the Online 2024-2025 Scheduling Instructions video on the HCRHS website, "Quicklinks/Online Scheduling".

***"I am an 8<sup>th</sup> grade student. How many electives can I take as a freshman"?***

Students are directed to select 10 primary elective credits. Most students will schedule a total of 40 credits: 30 academic subject area credits (English, Math, Science, Social Studies, World Language and Physical Education) and up to 10 elective credits. Students should also enter alternate elective choices in case the first choice is unavailable, or conflicts with other courses in the student schedule.

***"How is a study hall scheduled"?***

Although credit is not given for all study halls, all study halls do meet for the equivalent of a 2.5 credit block of time. Accordingly, each study hall selected reduces the number of elective credits that can be scheduled by 2.5 credits.

Grade 9 students choosing Course #609 - Tech Tools and Organizational Skills/Freshman Study – 1.25 Credits, will request/earn 38.75 credits.

Students choosing a general non-credit Study Hall #9901 for Fall semester, or #9902 for Spring semester can request 37.5 credits.

A Study Hall can be selected during on-line scheduling. Study Halls are listed in the request pick list under the "Other" subject area.

***"Aspen says that no schedule is available when I select the "Current Schedule" tab".***

The Current Schedule tab is for students actively enrolled at Hunterdon Central this school year. Grade 8 students are entering requests for the next school year and will not have a "current schedule" in the HCRHS system.

***"How can I select a specific teacher or block of time for my course"?***

Hunterdon Central cannot accept requests for specific staff or block. Students should choose courses based on subject matter, level and interest. Courses will be scheduled based on availability and the overall make-up of the individual requests.

***"How can I make changes to the requests I entered"?***

Students can modify requests throughout their assigned scheduling window. Following this period, students will have a minimal opportunity to request modifications. Requests based on level placement changes or other supported rationale will be reviewed by the counseling department. Requests for change, after the scheduling window closes, should be emailed to [scheduling@hcrhs.org](mailto:scheduling@hcrhs.org).

***Can I change the level of a course that I was recommended for?***

Teachers familiar with the student's skill level, work ethic and study habits make recommendations for core courses. If students feel they are able to perform at a level higher than the recommended level we encourage you to speak with the teacher who made the recommendation.

If after a conversation, the student still wants to request a higher course level during on line scheduling, they will "uncheck" the course that is pre-populated in Aspen, and the "check" the course they want scheduled.

Hunterdon Central subject area supervisors will review entries in the summer once we have final middle school grades and NJSLA results. If there are any concerns about the level selected the supervisor will contact the student directly.

***"I was recommended by my middle school teacher for AP US History. I do not see this choice under the Social Studies subject area."***

AP US History is a 10-credit course for students in grade 10. The course covers the requirements of US History 1 and US History 2. **Students interested in taking AP US History in grade 10 will not schedule history for grade 9 and will have 5 additional credits to fill with elective choices.** We encourage students to select electives from the Social Studies department in order to develop their reading and writing skills for the future AP level courses.

***"I am logging in with my parent credentials and do not have the "requests" sub-side tab and/or I can only see the records for my currently enrolled high school student".***

Grade 8 students are "pre-registered" students. The filter in Aspen is set to default to "Active Students" which means those students who currently attend Hunterdon Central. If you log back in to view the entries using your "family" log-in credentials, please follow the step below.

- Click the filter icon  and select All Records. This also allows individual families to view records for all siblings (active and pre-registered)

Proceed to the "my family" top tab/requests side tab.
